

Connecting to the Houston Wireless Network

Note: These instructions are based on using the Windows 7 Network and Sharing Center. If you have proprietary wireless network software please refer to your manufacturer's instructions for adding wireless networks.

1. Right click on the network icon in the lower right system tray and select Open Network and Sharing Center.
2. Select Connect to a network. A small window will open with a listing of wireless networks. Select ABFH and click on Connect.

3. A small window will open requesting the security key. Type in abftulane and click on OK.
